Annual Gender Sensitization Plan

From the start, PDEA Law college has worked continuously to work for the principles of Gender Equality in its students. The college conducts programs from time to time regularly to teach the students how to give importance to the principles of Gender Equality. The college has conducted different programs at the college level for the past years. College acknowledges we share specific values and principles, such as equality, inclusion, respect for human dignity, fairness, and justice. We also acknowledge the support for a diversity of talent. We renew our commitment to teaching future generations and being role models. We also commit to counteract any existing inequalities. The advantages of having an inclusive environment have long been established. cultures that value and incorporate all students result in more engaged, motivated, and productive students. Diverse and inclusive children are also more imaginative, as they may rely on a broader range of experiences, techniques, and resources to come up with new ideas. It is self-evident that an educated workforce that reflects the variety of its pupils is better able to recognize and anticipate their needs. In addition, making gender equity promotion a goal of the college helped the government's efforts to empower and uplift women, both among the staff and among the students.
